

Alverstone Infant School

2nd December 2020

Dear Parents and Carers

Cabin Crew

As we go into Tier 2 restrictions, advice from government regarding out of school care has recently been changed and we are now asked to keep children in consistent bubbles of 15 children or less wherever possible. Please note the following changes to our Cabin Crew arrangements with effect from Monday, 7th December 2020:

- Breakfast club will be in the cabin as usual and numbers will be limited at 15. Please make sure that you book your child's place and only use this provision if necessary for work.
- After school club will now be located in the school hall so that year groups can be separated from each other without needing to put a limit on numbers. Children will eat tea in the cabin but spend most of the session in the hall. Please pick up from the hall door.

Please be aware that your child will be mixing across a year group bubble if they are in Cabin Crew, as well as their own class bubble during the day. Should anyone in either bubble get a positive test, your child may have to isolate for fourteen days.

Kind regards

Steph Greenwood
Headteacher
